The Special City Council meeting was called to order by Mayor Dave Stram at 11:01 AM and the Pledge of Allegiance was given.

Approval of Temporary Liquor Licenses
Ms. Amberg reported that earlier this week we were notified by the Lane County Sheriff's Department that they had received in error five temporary liquor licenses for an event that is scheduled to be held this Friday at the Emerald Valley Resort. Lane County Sheriff's Department has conducted background checks on the applicants and recommends approval by the Council. Ms. Amberg noted she would like to have these licenses approved contingent upon the payment of the license fees to the City.

Omar Bowles moved, Holly Campbell seconded that the City Council approve the temporary liquor licenses for

- Left Coast Cellars – Special Event Winery Application
- Gilgamesh Brewing – Special Event Brewery-Public House Application
- Indio Spirits – Special Event Distillery Application
- WildCraft Cider Works – Special Event Winery Application
- Erath Winery – Special Event Winery Application

contingent upon payment of license fees. Voted on and the motion carries unanimously.

Ms. Amberg announced that she is closing City Hall tomorrow; because of illnesses, vacations and out of town meetings, there is only one staff member available to staff City Hall. That staff member will work, but City Hall will not be open to the public.

Adjournment
There being no further business to come before the council, Mayor Stram adjourned the Special meeting at 11:15 am.
