

5th Street Improvements: curb, gutter, sidewalks  
4th Street one way to accommodate angled parking on 20 ft. width

Phase Two of Project Playground consists of adding the Sitalines "Space Net". Footprint of playground would be somewhat smaller without Phase Two.

Suggested lighting provides public safety and prevents vandalism around the picnic shelter and the restrooms. All lights would be shielded to prevent glare to the surrounding neighborhood.

- Picnic Table
- Bench
- Trash Receptacle
- Water Fountain
- Bike Parking
- Area Light (20 ft)
- Bollard Light (3 ft)
- Raised planters
- Holt Park Signs
- Safe Zones - Play Equipment

Scale:  
Approx. 1" = 40'
