DISCUSSION

Public Forum

- No one from the public attended.

Open Discussion

- Need list of items for 2-5 year projects to present to council.
- New RARE intern will focus on Garden Lake projects.
- Possibilities for access through the Butte by Sheila and Larry's property. Possibilities for a trail to an overlook to look over the city would be nice.
- Skate Park has two options moving forward:
 - If we think it's a good idea we should add the plan in the next year and the city will discuss the timing.
 - We could have some people own the project and work with professionals.
 - We need to figure out how to do a proposal (bids) and make it fair for participants. We can't just decide to use a specific vendor.
- If we do a lake cleanup project Sanipac may help us.
- Cloverdale bridge project could be something interesting. It's not in the city, but it's used by many city residents.
- Reviewed System Development Overview/Definition.
- We should all have top 3 items available for next meeting so we can compile a list.
- Next meeting is September 2nd.
