Facilitator **Jessica Pelatt**

Note taker **Tom Serface**

Absent

Mark Murphy

AGENDA TOPICS

- 1. Public Forum**
- 2. Open Discussion**

DISCUSSION

Public Forum

- None

Open Discussion Parks Advisory Board Priorities

- Approved November 4th minutes.
- Jane discovered that we can have up to \$50K to do an airport park. The task is already in the current master plan and funding is already in the current budget. One of the city's goals is to figure out ways to get the airport more notoriety and help to make it profitable. Having a park at the airport will provide another public park area and bring some much needed attention to the airport.
- Skate Park – Jane talked with the Council about the Skate Park and they feel that they need to wait to dedicate the property for the Skate Park until we get a full plan and funding. However, we need the property to be dedicated before we can get the planning done needed to get funding or grants. Jane will continue to talk to the Council. We were confused by this direction because the city ultimately owns the property and anything built on it. Our goal is to gain momentum and have what is needed to start applying for funding.
- Skate Park – next step is to create an organization/board that deals directly with the Skate Park and then the Parks Advisory Board will let them take over future plans.

Next Meeting... December 9th.
